Description

A superb quality reproduction shiplight, manufacturing process includes, cast in brass with a bronze patina finish. The light comes complete with a clear glass dome, a SBC nickel plated lampholder, pre wired with a black, one meter, 3 core mains lead . The light has a neoprene gasket seal giving an IP54 rating (see specification) ensuring the light is suitable for outdoor use. Fixing screws and raw plugs are included. Applications can include, the home, porches, gardens, bars, restaurants, hotels, receptions and on a nautical theme, house boats, barges and narrow boats.

Note: The light has been polished by hand and could have slight blemishes and imperfections in the finish, this in our opinion only adds to the

Outdoor Lights : Small Bronze Ship Light. IP54

character of the light.

Important / Installation: Please ensure the light is installed by a competent and qualified electrician.
