### Description

A superb quality reproduction shiplight, manufacturing process includes, cast in brass with a bronze patina finish. The light comes complete with a clear glass dome, a SBC nickel plated lampholder, pre wired with a black, one meter, 3 core mains lead . The light has a neoprene gasket seal giving an IP54 rating ( see specification) ensuring the light is suitable for outdoor use. Fixing screws and raw plugs are included. Applications can include, the home, porches, gardens, bars, restaurants, hotels, receptions and on a nautical theme, house boats, barges and narrow boats.

**Note:** The light has been polished by hand and could have slight blemishes and imperfections in the finish, this in our opinion only adds to the
